EDUCATION

B.E(CCE) - Sri Eshwar College of Engineering, Coimbatore CGPA: 8.22 (up to 5 th Sem)	2023 – 2027
HSC – Government Higher Secondary School 83%	2022 - 2023
SSLC - Government Higher Secondary School PASS	2020 - 2021

INTERNSHIP

MERN Stack Web Development - Better Tomorrow	2025
During my internship at Better Tomorrow 2025, I developed full-stack web applications using the MERN stack. I designed MongoDB schemas, built RESTful APIs, and created responsive UIs with React.js and modern CSS.	
Full Stack Web Development – CodeHub Nexus	2025
During my full-stack internship at Codehub Nexus, I developed web applications using Next.js, MongoDB, and RESTful APIs. I enhanced user experience with responsive CSS design and robust backend integrations.	
Completed Python Internship at InternPe .	2024

PROJECTS

ContentCraft AI – Automated Blogging Platform 🔗	2026
Built a full-stack AI-powered Blogging Platform using React.js, Node.js, Express.js, and MongoDB, enabling users to create, manage, and publish content efficiently. Integrated Generative AI for automated content generation and implemented secure authentication, role-based access, and responsive design for an enhanced user experience.	
SecureSight AI: Real-Time Weapon Detection Using YOLO	2025
Developed SecureSight AI, a real-time weapon detection system using YOLOv8 and Computer Vision for automated threat identification from video streams. Integrated alert mechanisms and optimized detection performance to support intelligent surveillance and public safety applications. It enhance security monitoring and reduce manual intervention.	
SkillCertify – AI and Data Science Learning Platform 🔗	2024
Designed and developed a full-stack AI and Data Science Learning Platform featuring secure user authentication, course management, and progress tracking functionalities. Leveraged HTML, CSS, JavaScript, and database integration to create a scalable and interactive learning environment that enhances user engagement and learning outcomes.	

TECHNICAL SKILLS

Languages: C++, Python, JavaScript	Frameworks & Libraries: React.js, Next.js
Core Computer Science: DSA, DBMS, OS, CN	Databases: MySQL, MongoDB
Frontend: HTML, CSS, JavaScript, React.js	Cloud: AWS, Git, GitHub
Backend: Node.js, Express.js, RESTful APIs	Tools: Postman, Eclipse IDE, VS Code

CERTIFICATION

AWS - AWS Cloud Practitioner Certificate 🔗	2026
NPTEL - Understanding Incubation and Entrepreneurship 🔗	2026
EduPyramids & IIT Bombay - JavaScript Training Certificate 🔗	2025
UDEMY - Mastering Data Structures & Algorithms 🔗	2024
Code Gallata - C, C++, Python with Data Science, Java 🔗	2024

ACHIEVEMENTS

24 Hour Codeathon – Code Insomnia Won 3rd place as team of 4 girls in the 24 hours codeathon conducted by the technical club of Sri Eshwar College of Engineering.	2025
ProductExpo – Received a Special Mention Award at BIT College, for presenting an innovative IoT-Based Smart Elderly Assistance and Care System.	2025

CODING PROFILES

LEETCODE: Solved 200+problems Rating:1750
CODECHEF: Solved 400+ Problems (SILVER BADGE), BRONZE BADGE for attend the contest
SKILLRACK: 600+ problems solved
